Research

(a) Completed

i. Molecular Identification of *Cryptosporidium* species *i*n Rodents
ii. Prevalence of Gastrointestinal Parasites of Rodents
iii. Morphological Detection and Molecular Characterization of Parasites of Birds
iv. Morphological Detection and Molecular Characterization of Parasites of Reptiles
v. Molecular Characterization, Management and Spatial Distribution of Parasites in Companion Animals
vi. Molecular Characterization of Parasites in Ruminants

(b) In Progress

i. Multiparametric Characterization of Gastrointestinal Based Parasites and Associated Pathology Lesions in Ruminants Slaughtered at Akinyele Abattoir, Oyo State, Nigeria
